AL-Sham

## Welcome

Reyah AL-Sham provides a comprehensive suite of services in general contracting, construction, and information technology, designed to deliver fully integrated solutions to meet our clients' diverse needs.

Our unwavering commitment to quality control and the highest health and safety standards is embedded in every phase of our process—from design and development to production, service, and installation.

This dedication has earned us an outstanding reputation for delivering exceptional results on time and within budget. To maintain our high standards, we rely on a highly skilled and professional workforce. We invest significantly in training and development to attract and retain top talent, ensuring our team is equipped with the latest knowledge and skills. Our approach is reflected in the quality of our work and the integrity of our business practices. By consistently exceeding our clients' expectations, we aim to establish ourselves as the trusted partner for all your contracting, construction, and IT needs.

## About

Reyah AL-Sham

Reyah AL-Sham Inc was founded in 2021, and our headquarters are in Basrah, Iraq's southern province. We are a team of skilled administrators, engineers, procurers, logisticians, and strategists who work together to solve your challenges today. We have coupled our deep knowledge of the local market, environment, and infrastructure with renowned international know-how and best practice at Reyah AL-Sham. Reyah AL-Sham is now in a strong position to provide core products and services thanks to the synergies. Whether acquired locally or internationally, Reyah AL-Sham assures a "one-stop shop" approach and "second to none" after-sales support.

1

### Our Mission

To be an example to those around us by providing truly exceptional service while providing a safer, more positive work environment for our clients.

2

### Our Vision

We strive to make our services the preferred choice for clients in Iraq and the region, and to be known for the high quality and flexibility with which we meet their needs.

3

### Codes Commitment

We are committed to completing projects in accordance with local, regional, and international regulations and standards.

# Services

## Overview

Reyah Al-Sham was founded to assist businesses in Iraq in increasing their efficiency and lowering their costs. Reyah Al-Sham management's team is made up of a mix of locals with substantial operating experience and expats with specialized skill sets in each of the primary verticals we serve. Although the company's operations span the country, its headquarters and back office support personnel are situated in Basra. Market entry and operations in Iraq can be costly, time-consuming, and difficult to traverse due to administrative obstacles. Reyah Al-Sham is ready to assist firms with contracting, import and export, public transportation, express delivery, project management, food processing, cleaning services, and processing services in Iraq.

# Information Technology

At Reyah Al-Sham, our Information Technology (IT) services are designed to empower businesses in Iraq with cutting-edge solutions that enhance efficiency and productivity. Leveraging our team's extensive experience and specialized expertise, we provide a comprehensive suite of IT services tailored to meet the unique needs of each client.

## **Our IT services include:**

- \* **Infrastructure Development and Management:** We design, implement, and manage robust IT infrastructures that are scalable and secure, ensuring your business operations run smoothly and efficiently.
- \* **Software Solutions and Integration:** Our team develops custom software solutions and integrates existing systems to optimize your workflows and business processes, reducing operational costs and increasing efficiency.

- \* **Network and Security Solutions:** We offer comprehensive network management and security solutions to protect your data and systems from cyber threats, ensuring the integrity and confidentiality of your information.
  - \* **Cloud Services:** We provide a range of cloud services, including cloud migration, management, and support, to help you leverage the power of the cloud for greater flexibility and cost savings.
  - \* **IT Consulting and Strategy:** Our IT consultants work closely with you to understand your business goals and challenges, developing strategic IT plans that align with your objectives and drive your business forward.
  - \* **Technical Support and Maintenance:** We offer reliable technical support and maintenance services to ensure your IT systems and applications are always up-to-date and functioning optimally.
- With a focus on innovation and client satisfaction, Reyah Al-Sham's IT services are designed to help you navigate the complexities of the digital landscape and achieve your business goals. Partner with us to unlock the full potential of your IT capabilities.

# Catering

## Services

Fresh and frozen food are available from Reyah AL-Sham Company. We also understand how important it is for our customers to know they are getting the greatest products at the best pricing. Our commitment to honesty and transparency provides stress-free orders, while our pricing and payment arrangements make transactions go smoothly.

Reyah Al-Sham follows the Hazard Analysis and Critical Control Points (HACCP) method, which is a systematic approach to food safety. This allows us to ensure that meal preparation, storage, and handling are all completely safe. We ensure that the delivery of food products is supervised and checked all the way from the local store to the final destination. We use food temperature probes and visual inspections of food products before they are processed, as part of the HACCP food safety procedure, to ensure that all food products are 100 percent safe to eat.

We also cater to any unique dietary or allergy needs that your employees may have, and we handle allergen-free products with great care.

# Constructing & Contracting Services

We offer a range of services in this area that are specifically tailored to our clients' needs and are based on many years of accumulated expertise and experience in providing cost-effective solutions for all types of businesses and projects. In Iraq's oilfields, Reyah AL-Sham is the leading construction business. The firm management has vast experience in implementing multi-disciplinary projects under highly tough conditions throughout the region, thanks to our multi-skilled people, goods, and equipment competence. Reyah AL-Sham has access to a huge pool of qualified human resources, including management, engineering, commercial, and technicians. Similarly, enough resource availability combined with well-developed management system supports the orderly implementation of complicated projects.

## Public Transport

Rayah Al Sham is a renowned transportation firm specializing in the transportation of people, commodities, and equipment, as well as the removal of all liquid and solid waste from oil sites to sanitary landfills. Maintain compliance with all applicable controls and regulations. Despite the adverse work climate in which we find ourselves, Reyah AL-Sham fully understands and concentrates its operations on completing all contract requirements. As a vital member of the customer's team, ensuring their success Our customers Our management team is our strength, which we have earned. Extensive work expertise in the logistics area, with all of our clients functioning in Iraq and the bulk of our international consultants having worked in Iraq. Many of them have worked at home before and have a lot of expertise.
